MEN BUY GOOD FISH

Fishing is a man's sport, therefore he should know good fish when he sees them. If you do not find it convenient to come to us twice a week for your fish, ask the man of the house to do it for you, and you will be sure to get the right kind and quality; that is provided you tell him to come to us. We have all kinds that are in season, fresh and fine.

PREFACE

The Twenty-eighth volume of the City Directory includes the town of Manchester, with a supplementary edition for Essex. Towns in the Beverly district are covered with the same door-to-door care as the city and are taken in alternate years. The net population of Beverly shows an increase as indicated by additional matter taking approximately 400 lines in the new volume in excess over the last issue and the general directory contains 59% new or changed matter as compared with the previous issue. In the street directory of Beverly and the towns the locations of all telephones are shown by an asterisk (*).

A newly revised map of Beverly and a new map of Manchester, also the complete list of taxpayers of \$50, and over in the city and towns are features of every issue. This is, as far as can be learned, the only directory publishing births, marriages and deaths in the New England district.

The publishers acknowledge their indebtedness to Raymond C. Allen of Manchester, for valuable data and material used in preparing the new Manchester map.

Crowley & Lunt,
May 1, 1931.

Beverly's Population

The number of names in the directory of 1931, excluding all matter immaterial to the census is approximately 21,990: estimated number of children attending schools and under school age who are not included in above, 7,950. A total above 29,900.

LOCATION

Stretching for seven miles along the beautiful and world-famous North Shore of Massachusetts Bay, at the Gateway to Cape Ann, Beverly and its constituent residential sections,—North Beverly, Rial Side, Prides Crossing, Beverly Cove, and Beverly Farms, enjoys the invigorating salt air of the wide Atlantic, cool in summer, and warmer in winter than communities located farther inland. From sea level the terrain in places rises to a height of more than one hundred feet, affording a combination of conditions which makes Beverly such a delightful and well-known residential city.

Beverly is situated 18 miles Northeast of Boston, on the main line Eastern Division of the Boston & Maine Railroad. 61 trains daily from and to Boston, the average running time being 31 minutes, make Beverly the ideal place for those employed in Greater Boston to live. The famous North Shore Drive, which winds along one of the most beautiful and picturesque shorelines in the world, begins at Beverly, and is used by many thousands of tourists from every part of the United States and Canada.

Beverly is only six hours' ride by train from New York City, and many nationally famous captains of industry whose business is in the metropolis maintain magnificent summer estates in the exclusive Prides Crossing and Beverly Farms districts. Beverly is reached from every direction by modern concrete and macadam State highways, and is on Routes 1A and 127, leading to Maine and New Hampshire points.

MUNICIPAL FACTS

Beverly is a City of 29,000 people, the great majority of whom are native born. Beverly was founded in 1626, six years after the Pilgrims landed at Plymouth, by a hardy group of fisherfolk and small farmers, was incorporated as a Town in 1668, and became a City in 1894.

The City is governed by a Mayor and Board of Aldermen, composed of representatives of the 6 wards in the City and 3 aldermen at large, elected annually, and the Mayor, elected bi-ennially.

PUBLIC LIBRARY

Taxable property in the City is valued at approximately \$50,000,000.00, making Beverly one of the wealthiest cities per capita in Massachusetts. The tax rate (1930) is \$28.00 per \$1000 of valuation, is one of the lowest tax rates in the Commonwealth, and assessable valuations are very reasonable.

Beverly is fortunate in having the finest of educational systems, including 13 elementary school buildings, housing over one hundred grades, a newly erected \$1,500,000 high school building, and trade and industrial schools for training in several of the principal trades.

The Fire and Police departments rank high in efficiency among the departments of the State.

The City is serviced with an excellent water supply, pumped direct from Wenham Lake which is on the outskirts of the community, and high water pressure is maintained in a large section of the City.

A modern, first class public library is maintained in the center of the City, and well stocked branches are distributed throughout the outlying centers of population.

TRANSPORTATION

BEVERLY HARBOR

Beverly Harbor is reached from the open Atlantic by a 24 foot mean low water channel, admitting ocean-going vessels up to a 30-foot draught at high tide. The principal imports by sea are petroleum products, coal, and lumber. These products are imported from Mexico, Canada, and European ports. Regular lines of steamers run between Beverly and Port Arthur, Texas, and Beverly and Portland, Maine. During the past year, more than one hundred vessels, including those of British, Norwegian, Swedish, Canadian, and United States registry, have brought cargoes into the Port of Beverly. Many desirable industrial sites are available for development along the Bass River which is connected by a 40 foot draw with the harbor. The Danvers River, which also flows into Beverly Harbor is navigable for several miles, and several very desirable industrial sites are available for development along its shores.

RAILROAD SERVICE

Beverly is located on the main line, Eastern Division of the Boston & Maine Railroad, at the junction of the Gloucester Branch. The freight service provided for local commerce and industry is of the best, while the passenger service is excellent to all points. Sixty-one trains a day to and from Boston, the averaging running time being only 31 minutes, make Beverly easily accessible to commuters employed in Greater Boston. Fast trains to Portsmouth, N. H.; Portland, Maine; and Canadian points furnish the best in railroad transportation.

LYONS PARK

MOTOR HIGHWAYS AND LOCAL TRANSIT

Beverly is the hub of a network of the finest State highways, extending in every direction. Mileage from Beverly to Boston is 18 miles, to Gloucester, 13 miles, to Manchester, N. H., 60 miles, Worcester 61 miles, Lowell 28 miles, Lawrence, 21 miles, Lynn, 10 miles, Portsmouth, N. H., 53 miles, and Portland, Maine, 93 miles. Frequent street car and bus service furnishes good local transit facilities to outlying sections of the city.

BEVERLY AIRPORT

In Beverly is located the first municipal airport in Essex County. Fast, dependable service is provided in Department of Commerce licensed airplanes for passengers, express, and freight to any point. Hangar and restaurant facilities, fuel, and supplies for minor repairs are available at the airport for visiting aircraft. Runways of regulation size provide suitable landing surface for airplanes of any size. Two large airway guides, one on the roof of the United Shoe Machinery Corporation factories, and one on the Gulf Refining Company distributing plant on the waterfront, are maintained to guide aircraft safely to the airport.

COMMERCIAL FACTS

Beverly, with adjoining towns within its trading area, comprises a population of 50,000 people. Within a radius of 20 miles live more than one and one half million people, providing a rich merchandising area for local manufactured products. The modern, well-stocked retail stores are patronized by both permanent residents of the City and those who summer along the North Shore.

Four modern banks,—one National Bank, one Trust Company, one Savings Bank, and one Cooperative Bank, as well as several thriving Credit Unions, provide up-to-date banking facilities for the City and its environs.

BEVERLY POST OFFICE

INDUSTRIES

Within the confines of the City there are located more than 50 manufacturing establishments, employing 4,500 persons. Annually approximately \$6,000,000 in payrolls are paid out by these industries, and the average wage ranks high among the industrial cities of New England. \$15,000,000 worth of manufactured products leave Beverly each year for every part of the world.

The principal manufactured product is shoe machinery. Beverly is the headquarters of the great United Shoe Machinery Corporation, and consequently the largest shoe machinery manufacturing city in the world. Boots and shoes are next in importance, and shoe findings, lasts, counters, cut soles, wooden and rubber heels, shoe ornaments, oiled clothing, machine tools, paper boxes, confectionery, beds and bedding, interior wood finish, prepared lumber, airplane tools and parts, furniture, and miscellaneous products make up the balance of Beverly's industrial output.

Beverly presents a number of excellent opportunities for industrial development, there being available a good supply of intelligent, native labor, both male and female, plenty of suitable land, abundant power, the best shipping facilities, and strong community cooperation. In addition to this, within one hundred miles radius of Beverly is included the richest retail market in New England.

The Beverly Chamber of Commerce maintains an enterprising Industrial Development Division which is always ready to consult with manufacturers regarding location in this area.

HISTORIC POINTS OF INTEREST

In Beverly are located the sites of the first Sunday School in America, the first Cotton Mill, and the first Custom House in Massachusetts. Before the Federal Custom Houses were established, Beverly was the port of entry for Massachusetts, and the records are still preserved in the archives of the Beverly Historical Society.

During the early days of the revolutionary war, Beverly was one of the most important towns in the Colony. All war supplies, excepting farm produce, had to be brought to the Colony by sea. The English fleet commanded Boston Harbor, with outposts at Marblehead, Salem Harbor was difficult to enter, and as there was then no way of crossing the Lynn marshes, the road to Cambridge via Newburyport Turnpike was the shortest route for Army supplies. Beverly also had better wharfage facilities than Salem.

HISTORICAL SOCIETY

BIRTHPLACE OF THE U. S. NAVY

The first ship under commission of the Federal Government, the "Hannah", sailed out of Beverly Harbor, having been outfitted and equipped in Beverly, although owned and commanded by Marblehead men. Many other privateers and ships carrying letters of marque sailed out of Beverly during the early part of the revolution, which captured and brought in many prizes, as well as ammunition and supplies for the Colonial armies.

Famous clipper ships in the East India trade made Beverly their home port, and many interesting relics of Beverly's marine history are on display at the Beverly Historical Society museum.

Within and near the City there are a number of clear fresh-water lakes of considerable size, and fishing, bathing, canoeing, and other aquatic sports are enjoyed during the summer season.

RECREATION FACILITIES

Well-equipped playgrounds are located in every section of the City for the children of the community. Two excellent public bathing beaches and a large number of private beaches provide the finest accommodations for bathers.

The municipality maintains a number of beautiful parks throughout the City, and the Beverly Improvement Society through its beautifying program has made Beverly a City of beautiful shade trees and gardens,—a veritable Garden City of the North Shore.

Three fine golf courses are located within the suburban area, and golf and tennis are popular local sports.

A number of delightful small inns and tourists' rests provide excellent lodging for travellers, and the North Shore is famous the world over for its restaurants, in which shore dinners and sea food are served in true New England style.

HIGH SCHOOL

Y. M. C. A. BUILDING

Beverly is particularly fortunate in having a modern \$250,000 Y. M. C. A. Building, equipped with dormitories, gymnasium, bowling alleys and billiard rooms, library, squash court, indoor track, swimming pool, and other recreational facilities. The Association is very active in Beverly, much interest being taken in its activities by the leaders in the civic life of the City.

CHURCHES

In Beverly are located over twenty churches of nearly every denomination, providing the best of religious facilities for all creeds and classes. Some

OLD BALCH HOUSE

of the church buildings are historic, the First Church (Unitarian) particularly being noted, having been built in 1667, and preserved as near its original lines as possible up to the present. The first Sunday School in America was started in Beverly, as a matter of historical record, and this fact is recognized throughout the country.

CROWLEY & LUNT'S

City of Beverly

STREET AND HOUSE DIRECTORY 1931

Giving the location of the streets, places, parks, etc. and showing what other streets and places run from them or across them, with the point at which they intersect. The system adopted for numbering the streets of the city is that a person starting at the beginning of any street and following along with the numbers every even number will be on the left and every odd number on the right (†), with the names of heads of families and persons in business in the order of location.

The cipher (0) is used to designate houses or buildings without numbers. The dash (—) is used to show where connecting streets and avenues cross or intersect, when such intersections or crossings have no number, and also to designate railroad crossings, bridges, parks, etc.

When there is more than one family in a house, the down-stairs name is usually given first.

Abbreviations: Ave., avenue; byd., beyond; groc., groceries; jet., junction; n., near; opp., opposite; r., rear; rep., repairing; smr., summer; s. r., summer resident; var., variety; etc., etc. Houses having erroneous numbers are sometimes enclosed in parenthesis (—).

† Exceptions to this rule occur occasionally.

**THE FUNERAL
HOME**

... Its use in time of bereavement helps remove distressing memories from the private home ... to secure privacy desired most. The adequacy of our home, appropriately appointed, fills a long-felt need of these closely bound communities.

... as an institution has been serving ... now grown historic in the annals of this and surrounding communities. It was dedicated to spanning the past and future by creating beautiful memories of perfect tribute to those who have taken passage to the Great Beyond.

POOR SPELLING PUTS DOUBLE WORK ON WHITE HOUSE STAFF

WASHINGTON, June 17, 1929—The White House came to the conclusion today that there was room for improvement in its spelling.

When the nomination of Frederic A. Tilton as third assistant postmaster-general was sent to the Senate a "letter K" was added to the first name. In that form the nomination was subsequently confirmed by the Senate. But, so far as the government in general and the Postoffice Department in particular are concerned, there is no such person as Frederick A. Tilton.

Subsequently the whole procedure must be gone through again and the White House today prepared a new nomination with the name correctly spelled for transmittal to the Senate.

NOTE: Directory Spelling in

CROWLEY & LUNT DIRECTORIES

is always dependable.

Especial effort is made to conform to each person's own particular way of spelling his or her name.

MANUFACTURING PLANT, BEVERLY, MASS.

OUR manufacturing plant at Beverly, Massachusetts is composed of seventeen buildings of reinforced concrete construction, with floor space of 1,089,890 square feet or 25 acres. There are four floors of manufacturing space, 1120 feet long, 60 feet wide.

THE power house, 140 feet x 90 feet, is equipped with two 750 K. W., one 1500 K. W., and one 3000 K. W., Curtis turbine engines having four batteries of boilers, 4000 H. P. capacity, which drive all of the machinery throughout the works by 553 induction motors of a capacity ranging from $\frac{3}{4}$ H. P. to 125 H. P. each.

FULLY equipped rest rooms, with matrons in attendance, are provided women employees.

A Completely equipped Emergency Hospital with doctor and trained attendants in charge assures immediate and efficient medical attention for all injuries.

THERE is also a clean and modern restaurant with a seating capacity for 650.

A clubhouse, with floor space of over 20,000 square feet, is provided for employees in addition to a ten acre field for athletic sports.

CROWLEY & LUNT'S CITY OF BEVERLY

BUSINESS DIRECTORY 1931

Beverly, clean, healthful and beautifully located on the North Shore, with seven miles of the most charming views to be found on this continent, recommends itself to all classes of manufacturers and business men on account of its first-class rail and water facilities and equitable freight rates to all shipping points. Its most significant growth proves it to be the coming city of this part of the Massachusetts coast. With a valuation of nearly \$50,000,000, within its limits are scores of millionaires' and multi-millionaires' palaces. The manufacturing industries comprise machinery, shoes, oil, oiled clothing, iron foundries, mattresses, planing mills, wood and paper boxes, grain elevators, electric works, etc. The shoe industry, established more than a century ago, pays a large annual wage.

The United Shoe Machinery Corporation occupying one of the largest reinforced concrete factory plants in the world and employing 5,000 mechanics, pays a wage of over one and one-half millions per year. The Gulf Refining Company has its New England terminal here and docks its fine steamships running from Port Arthur, Texas. Its local line runs to Portland, Me. Spur tracks of the Boston and Maine Railroad connect with all the wharves. Population of Beverly, 1931, estimated about 29,500. Eighteen miles from Boston on the Boston & Maine Railroad; Eastern Mass. Street Railway connections to all nearby points. Superior harbor. Four banks. Daily newspaper. Excellent fire department. Good sewers. Well-lighted streets. First-class public schools. Good hotels and theatres. Public school playgrounds costings over \$40,000. Modern bath house at Oceanside Park.

NOTE:—It has been found essential (as a general rule) to insert names of firms under the ONE heading only which best represents them, except in the case of patrons, when extra insertions are sometimes made.

*Patrons' insertions only under this heading.

Why Buy a Select Mailing List?

One of our patrons sent 7000 letters to addresses taken from one of our directories and only 224 came back undelivered. These names were picked as prospects from the occupations given. The cost was at the rate of one tenth of a cent per name.
